

Product data sheet

Double wall stainless steel drinking bottle

Product number: 6265807

Discover our high-quality stainless steel thermal mug, which not only impresses with its elegant design but also keeps your drinks at the ideal temperature. With a generous capacity of 500 ml, this mug is the perfect companion on the go, whether you're heading to work, engaging in sports, or traveling.

Product Highlights:

- High-Quality Stainless Steel:** This thermal mug is crafted from robust stainless steel, ensuring not only durability but also a modern look and easy cleaning.
- Optimal Insulation:** The double-wall construction ensures that hot drinks stay hot, and cold drinks stay cold. Enjoy your coffee, tea, or iced coffee at the desired temperature, no matter where you are.
- Generous Capacity:** With a capacity of 500 ml, you always have enough fluid on hand to quench your thirst or meet your energy needs.
- Print option:** We apply your logo directly to the mug through laser engraving. This transforms the mug into not only a functional accessory but also a powerful promotional tool for your company or event.
