RFID Card case

Product number: 9138503

Our RFID credit card holder made from high-quality genuine leather is the perfect solution to protect your credit and bank cards from unauthorized scanning and data theft. Product Highlights: Genuine Leather: The holder is crafted from genuine leather, providing a stylish and sophisticated appearance along with durability and quality. The leather gives the holder a pleasant touch and ensures that it becomes even more beautiful over time. RFID Protection: Internally, the holder is equipped with a special RFID-blocking technology that shields your credit cards from unauthorized scanning and data theft. This is particularly crucial in today's era where contactless payments are prevalent. Holds Up to 4 Cards: The holder accommodates up to 4 cards, easily accessible with the pull-out band. This ensures that your essential cards are always within reach and well-organized. Print option: We offer the option to print your logo on the holder, turning it into not only a highly functional accessory but also an effective promotional item for your company.
