

Product data sheet

Wireless powerbank - 8000 mAh

Product number: 3082303

Our power bank with Qi-standard wireless charging function and a storage capacity of 8,000 mAh is the ideal solution for charging your devices on the go. Equipped with a USB charging cable compatible with both Android and iOS devices, you're well-prepared. Simply place your smartphone on the power bank, and it will charge automatically. Product Highlights: Wireless Charging Function (Qi Standard): Enables wireless charging of your smartphone by simply placing it on the power bank. High Capacity: With 8,000 mAh of storage capacity, you can charge your smartphone multiple times before needing to recharge the power bank itself. Universal Charging Cable: The included USB charging cable supports both Android and iOS devices. Convenient and Portable: The power bank is lightweight and portable, making it perfect for on-the-go use. Print option: Your logo will be printed on the plastic surface on the top of the power bank to effectively showcase your brand.
