

Product data sheet

Mobile phone holder with magnetic function, includes metal ballpen

Product number: 2129206

Our smartphone holder with a non-slip bottom and magnetic function is a practical and versatile solution to securely place your smartphone on your desk or nearby. This holder allows you to position your smartphone in an upright manner, while the integrated ballpoint pen adheres to the center of the holder. Product Highlights: Non-Slip Bottom: The holder's non-slip bottom provides stability and prevents slipping. Magnetic Function: The magnetic function securely holds the blue-writing ballpoint pen in the center of the holder. Convenient Positioning: Your smartphone can be placed in an upright position, making it easier to view content or work at your desk. Integrated Ballpoint Pen: The ballpoint pen is always within reach and can be used for quickly jotting down information. Print option: Your logo will be printed on the smartphone holder to effectively showcase your brand.
