## Wooden Insect Hotel

Product number: 7267013

Explore our insect hotel, a beautifully designed wooden house filled with various natural materials that is not only decorative but also makes a significant contribution to species conservation. This insect hotel serves as a shelter and nesting place for bees and other beneficial insects.

**Product Highlights:**

- Insect-Friendly:** This insect hotel provides a safe and comfortable shelter for bees, ladybugs, butterflies, and other beneficial insects.
- Natural Materials:** The hotel is filled with various natural materials that attract insects and provide them with a home.
- Decorative and Functional:** In addition to its function as a habitat for insects, the insect hotel is also a decorative element in your garden or on your balcony.
- Species Conservation:** With this insect hotel, you make an important contribution to the preservation of endangered insect species and the promotion of biodiversity.
- Print option:** Your logo will be engraved on the house to ensure that your brand is associated with environmental protection and nature conservation.
