

Product data sheet

Magsafe, recycled aluminium

Product number: 3395803

Our environmentally friendly Magsafe® made from recycled aluminum – a sustainable solution for wireless charging! This charger features 5,000 mAh power for fast wireless charging at up to 10 watts. The integrated magnet allows easy attachment to the iPhone® 12 or higher, ensuring a reliable connection. Compatible with other Qi-enabled models, it can also be used as a wireless charger. Product Highlights: Environmentally friendly recycled aluminum: The Magsafe® is made from recycled aluminum, making it an environmentally conscious choice. 5,000 mAh power: With a generous capacity of 5,000 mAh, the charger allows for multiple charging cycles and is ideal for on-the-go use. Magnetic docking on iPhone® 12: The integrated magnet ensures a secure connection, enabling fast and wireless charging on the iPhone® 12. Wireless charging up to 10 watts: With up to 10 watts of charging power, the Magsafe® provides fast and efficient wireless charging. Compatible with other Qi-enabled models: In addition to the iPhone® 12, this Magsafe® can be used as a wireless charger with other Qi-enabled models. Print option: Your logo will be engraved on the back of the Magsafe® to prominently showcase your brand.

Additional information

General

Product length	105 mm
Product width	66 mm
Product height	10 mm
Weight	0.15 kg
capacity mAh	5000
Country of origin	China
Customs tariff number	85076000900

Print

Finishing types	Laser engraving
Printgroup 1	Laser engravement (L2)
Name 1 print area 1	On the back
Possible colors printgroup 1	1
Print area 1 width	40 mm
Print area 1 height	20 mm

Packaging

Type of packaging	Carton
Quantity bulk packaging	50
Quantity small packaging	50
