## Solar powerbank

Product number: 2355903

Our Solar Power Bank is an innovative and eco-friendly product that provides you with the ability to charge your devices on the go using solar energy. With 20 solar panels and a capacity of 4,000 mAh, you can charge your smartphone or tablet anytime and anywhere. Product Highlights: Solar Power Bank: Equipped with 20 solar panels, this power bank allows you to charge your devices using solar energy. 4,000 mAh Capacity: The power bank provides sufficient power to charge your smartphone or tablet multiple times. Environmentally Friendly: Solar energy is a sustainable and eco-friendly source of power. USB Charging Cable: A USB charging cable is included, allowing you to also charge your power bank via the electrical grid. Print option: Your logo will be laser-engraved below the solar panel to effectively showcase your brand.
