## Solar powerbank 8.000 mAh

Product number: 3365703

Our solar power bank is the perfect solution for those on the go who need a reliable source of energy. This high-quality power bank features an additional solar panel on the folding cover, allowing you to harness energy from sunlight. With a capacity of 8,000 mAh and an included charging cable, you can charge your devices anywhere. Furthermore, the power bank comes with a convenient light and a hanging loop for added versatility.

**Product Highlights:**

- Solar-powered:** The extra solar panel on the cover enables you to charge the power bank using sunlight, making it ideal for outdoor activities and when you're on the move.
- High capacity:** With 8,000 mAh capacity, this power bank provides sufficient power to charge your smartphones, tablets, and other devices multiple times.
- Integrated light:** The built-in LED lamp can be used as a flashlight or emergency light in various situations.
- Hanging loop:** The practical hanging loop allows you to attach the power bank to your backpack, bag, or tent to expose it to sunlight while charging.
- Print option:** We offer the option to print your logo on the cover of the power bank, making it a customized promotional gift or a personal accessory.
