

Product data sheet

Inductive charger

Product number: 3090506

Our plastic induction charger is a convenient and efficient way to charge your smartphone without the need for cables. This wireless charger also serves as a stand for your smartphone, allowing you to use it comfortably while it's charging. Product Highlights: Induction Charging Function: Enables wireless charging of your smartphone by simply placing it on the charger. Convenient Stand: The charger doubles as a stand, allowing you to position your smartphone in a comfortable viewing angle. Plastic Construction: Lightweight and durable, ideal for everyday use. Easy to Use: Charge your smartphone conveniently by placing it on the charger – no cumbersome cable connections required. Print option: Your logo will be printed on the front of the induction charger to effectively showcase your brand.
