Bottle cooler with cooling pads

Product number: 8867303

Our cooling sleeve made of durable nylon with integrated cooling gel pads and a Velcro closure is the ideal solution to quickly and efficiently chill your bottles, whether it's wine, champagne, juice, or water. Product Highlights: Excellent Cooling Performance: The integrated cooling gel pads in the sleeve are highly effective, ensuring that your bottles are chilled to the desired drinking temperature in no time. Durable Material: The sleeve is made of durable and water-resistant nylon, providing protection during the transport of your bottles and helping to maintain the cold temperature for an extended period. Easy Application: The convenient Velcro closure allows the sleeve to be quickly and securely attached to your bottle. It easily fits most bottle sizes. Versatile Use: This cooling sleeve is perfect for picnics, BBQs, parties, outings, or simply enjoying a cold drink on a warm day. You can use it repeatedly to keep your bottles cool. Print option: We offer the option to print your logo on the segment next to the Velcro closure. This allows you to customize the cooling sleeve according to your preferences and use it as a promotional gift or to promote your brand.
